Media Release

Multi-Agency I-80 Challenge is Underway.

The “I-80” Challenge began on July 24th and is off to a good start in Nevada and so far the Nevada Highway Patrol has been able to accomplish the main goal of no fatalities on Interstate 80. It has been two days since the start of the Challenge and Nevada Highway Patrol, has investigated 6 accidents with no fatalities. NHP has issued over 400 cites and has given over 200 warnings.

The I-80 Challenge will last until July 31st. NHP is working hard to make sure they are doing their part on reaching the goal by providing high visibility to reduce fatal accidents within the 410 miles of Interstate 80 across the State of Nevada.

NHP wants the residents of Nevada and its guests to drive safe, using greater distance between cars, limit distractions, wear your seat belt to reduce the severity of injuries if they are involved in a vehicle accident. Join us in the goal of no fatalities. Pull over and call *NHP if you see a problem on the highway.
